

We want every learner to stop fearing English and start speaking it confidently and clearly, regardless of their age or background.

Lanxgrow is on the right path, because we're empowering people to cross the big language gap in India—which truly affects millions of lives.

- How many Indians can speak English
- Problem - You want to speak English
- And here! We are the Solution

Our Program Details-

Level 1: English Communication (16 Module - 152 sessions)

Level 2: English Communication (16 Module - 152 sessions)

Level 3: English Communication (16 Module - 152 sessions)

How many Indians can speak English

Out of 1.46 billion people in India, only **129 million speak English** – and just **6.4 million** speak it professionally. That's a massive communication gap, which is **less than 7%** of the total Indian population.

Average **IELTS** (International English Language Testing System) speaking scores are around **5.0/9**, **TOEFL** (Test of English as a Foreign Language) speaking **23/30**, and **PTE** (Pearson Test of English) speaking **57/90**, often exceeding global averages, particularly in urban areas and professional sectors.

And each **course cost** 2000 INR to 7000 INR per session in India only.

Problem - You want to speak English

In India, countless people can understand or think in English but struggle to speak it fluently – not due to lack of effort, but because they've never had the right guidance, or speaking-focused training and the right environment.

And here! We are the Solution

The Complete English Communication Journey.
